HOW PRE-PAID TUITION WORKS

Sheboygan Lutheran High has a program that makes it possible for parents to pre-pay for their child's education before they reach high school age. One huge benefit is that parents can lock in tuition at the current rate. Secondly, parents can feel good about fully dedicating and preparing their children for a Christian high school education. Thirdly, pre-paying tuition allows parents peace of mind that this future expense has already been met.

What will the tuition at Sheboygan Lutheran be three, five, ten, or twelve years from now? That is a real concern for many parents who want a Christian education for their children. While we cannot predict with certainty what tuition will be, we can see that tuition has historically never decreased from one year to another. We can safely assume that costs and tuition will increase. You CAN avoid tuition increases by locking in today's rate.

Let us suppose that you currently have a child in 5th grade.

- By paying all four years of tuition now at the current publicized rate, you could lock in all four years at this year's tuition rate.
- Or you could pay one year at a time. Each year would be paid at the current publicized tuition rate.
- You could make monthly payments until your child's freshman year is paid off.
- You could encourage grandparents or family to give a pre-paid tuition check as a Confirmation, birthday, or Christmas gift.

This program is open to children of all ages, including parents of current high school students. Please note that families who choose to pre-pay tuition are ineligible to apply for financial assistance.
